THIS IS SOUTHERN ADVENTIST UNIVERSITY

Southern Adventist University is a co-educational institution established by the Seventh-day Adventist Church, offering master's, baccalaureate, and associate degrees, and one-year certificates.

The Mission

Southern Adventist University as a learning community nurtures Christ-likeness and encourages the pursuit of truth, wholeness, and a life of service.

Core Values

- A Christ-centered campus
- Academic and professional excellence in a distinctive Seventh-day Adventist environment—theologically, socially, morally, and intellectually
- Demonstrated hospitality and service
- Affordable education

Institutional Goals

- Graduates who master the basic skills of critical reasoning, independent thinking, computation, communication, collaboration, and creativity needed to enter the workplace with confidence, to pursue lifelong learning, and to exercise leadership as contributing citizens who advance their families, communities, the church, and society.
- Competent and diverse faculty and staff who model balanced ethical lives, integrate faith and learning, demonstrate scholarship through teaching, research, and other scholarly and creative activities, and celebrate and energize the student spirit as they respect and support the different ways students develop their minds, their persons, and their citizenship.
- Campus learning communities that engage students with ideas that mark educated persons, global and multicultural perspectives, and advanced technology to develop both ethical principles and intellectual flexibility.
- Active partnerships with alumni, church, community, business and industry, civic organizations, and government in order to analyze, project, and respond to changing needs to help ensure that graduates are prepared for a life of service.
- Responsible stewardship of resources entrusted to the university through effective fiscal management to fulfill the mission, vision, and goals of the university.

GUIDING PRINCIPLES FOR GRADUATE PROGRAMS

In keeping with the institutional mission statement, graduate education at Southern Adventist University provides an opportunity for motivated students to combine the acquisition of knowledge with refinement of their intellectual skills in the pursuit of truth. This experience extends beyond the transmission of information in the traditional disciplines. Rather, the learning environment consists of a community of

scholars where students and professors jointly share dilemmas as well as discoveries and insights, resulting in a mutually fulfilling growth experience. Such opportunities motivate the student to engage in open dialogue, debate, critique, thoughtful query and independent thinking. Previous knowledge and understandings are examined, reconsidered, and synthesized in light of new learning; and accepted practices undergo the rigor of thoughtful analysis.

Students study and integrate theory, research, and practice in specialized areas of expertise. Considerable emphasis is placed upon independent and collaborative projects, which require a complexity of skills, including problem identification, inquiry, problem solving, analysis, and synthesis. Depending upon the particular graduate program; comprehensive examinations, capstone seminars, portfolio, and thesis afford additional demonstrations of scholarship and the potential for contributions to the field. Sound scholarship is expected, and these projects may lead to formal papers, professional presentations, or publishable manuscripts.

At Southern Adventist University, the quest for truth relates to matters of Christian faith. Because Biblical ideals lead to an appreciation of human dignity, participants in the community of scholars seek to apply theory in ways that preserve human worth. Christian education combines faith and learning, understanding and practice, erudition and service.

HISTORY

In 1892 the educational venture that developed into Southern Adventist University had its beginning in the small village of Graysville, Tennessee. The school became known as Graysville Academy. In 1896 the name was changed to Southern Industrial School and five years later to Southern Training School.

In 1916, because of limited acreage available for further expansion of plant facilities, the school was moved to the Thatcher farm in Hamilton County, Tennessee. The name “Collegedale” was given to the anticipated community. At its new location, the school opened as Southern Junior College and continued as such until 1944 when it achieved senior college status, after which the name was changed to Southern Missionary College. In 1982 the name was changed to Southern College of Seventh-day Adventists. University status was achieved in 1996 when the name was changed to Southern Adventist University.

SETTING

Southern Adventist University's 1,100 acre Collegedale campus is nestled in a valley 18 miles east of Chattanooga. The quietness and beauty of the surroundings are in keeping with the University's educational philosophy.

ACCREDITATION AND MEMBERSHIPS

Southern Adventist University is approved by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097; telephone number 404-679-4501) to award one-year certificates, associate degrees, baccalaureate, and masters' degrees. It is also accredited by the Accrediting Association of Seventh-day Adventist Schools, Colleges, and Universities. Additional information regarding the University may be obtained by contacting the State Board of Independent Colleges and Universities, Department of Education, Tallahassee, FL 32399 (850-488-8695). The Master of Science degree in School Counseling is approved by the Tennessee State Board of Education.

The Schools of the University are also accredited by various organizations. The Associate of Science, Bachelor of Science, and Master of Science degree programs in nursing are accredited by the National League for Nursing Accrediting Commission (61 Broadway, New York, NY 10006, telephone number, 1-212-363-5555 ext. 153). The School of Nursing is an agency member of the Council of Baccalaureate and Higher Degree Programs and the Council of Associate Degree Programs of the National League for Nursing. The School of Nursing is approved by the Tennessee Board of Nursing. The School of Education and Psychology teacher education program is accredited by the National Council for Accreditation of Teacher Education. The University is approved by the Tennessee State Board of Education for the preparation of secondary and elementary teachers.

ADMISSIONS

Southern Adventist University welcomes applications from students who will commit themselves to an educational program that unites academic integrity and Christian principles. The University does not discriminate in admissions on the basis of age, gender, race, color, ethnic or national origin, religion, or disability.

WHERE TO WRITE

Inquiries regarding application and acceptance should be addressed to:

Graduate Studies Office
Southern Adventist University
P. O. Box 370
Collegedale, TN 37315-0370

ADMISSION PROCEDURES

The following materials must be submitted to the Graduate Studies Office before the applicant can be considered for acceptance:

1. A completed graduate application form.
2. A non-refundable application fee of \$25.
3. Official transcripts from all institutions attended at the undergraduate and graduate level.
4. Scores for entrance examinations as required by the respective School.
5. Two professional recommendations as requested by the School.

ADMISSION CATEGORIES

Regular admission is based on the following criteria:

1. Graduation from a regionally accredited four-year college or university as evidenced by a transcript showing the completion of a baccalaureate degree. (Except for approved accelerated program in Nursing.)*
2. Completion of appropriate undergraduate prerequisites as determined by the respective School.
3. Minimum GPA, TOEFL, and entrance examination scores as required by the individual School. Additional criteria are described in each School's section in this catalog.
4. Two satisfactory professional recommendations.

*Nursing has an accelerated program where a student who has a RN may receive the MSN.

Provisional admission may be granted to students who do not meet all of the criteria for regular admission:

1. Provisional status is given to students who have graduated with a 4-year baccalaureate degree or equivalent from an accredited college or university and do not meet one or more of the other requirements for regular admission, but who in the judgment of the school and Graduate Council, have shown evidence of their ability to pursue a graduate degree. Such evidence may include one or more of the following: Superior performance on entrance examinations, strong professional recommendations, or superior grades in postgraduate work at a recognized institution. At the time of the provisional acceptance, the student must submit a plan and deadline for a change to regular standing to the respective School. Students not meeting these specifications will be dropped from the program. A maximum of twelve (12) semester hours may be taken on this basis.
2. Students who have not completed a four-year baccalaureate degree,* or the equivalent, from an accredited institution may be accepted provisionally upon the completion of all of the following:
 - a) A four-year baccalaureate degree* or the equivalent from an American institution not recognized by a regional North American accreditation association.
 - b) The minimum entrance examination requirement established by the School to which application is being made.
 - c) A School recommendation that the student has had an adequate general education with any deficiencies to be earned from an accredited institution prior to acceptance.
 - d) A recommendation by the School affirming adequate preparation in the subject areas as evidenced by a nationally normed test, where appropriate, with any deficiencies to be earned at the upper-division level from an accredited institution prior to acceptance.

Non-degree admission may be granted on a space-available basis. It is designed for students who wish to take courses for personal or professional benefit, but not seeking a graduate degree. Students must have a bachelor's degree and approval from the School which offers the courses.

*Exception is made for the accelerated MSN/MBA and MSN program.

ACADEMIC POLICIES

GENERAL REQUIREMENTS FOR MASTER'S DEGREE

Admission, Progression and Degree Candidacy

Students admitted under regular admission criteria are regarded as candidates for their declared degrees as long as they maintain a minimal grade point average of 3.00, including no more than two classes with a minimum grade of C.

Applicants who do not satisfy the regular admission requirements may be permitted to enroll in specific classes as provisional status while completing such requirements. A maximum of twelve (12) semester hours may be taken in residence with a grade point average of 3.00 with no grade lower than C, including a maximum of one course with a grade of C.

Credit and Course Requirements and Limitations

Students are responsible for meeting the semester hour requirement for the chosen degree.

A maximum of six semester hours taken for graduate credit from courses numbered 450 or higher, under special circumstances, may be applied to a student's graduate program. Such courses must be approved by the student's School and carry grades of B or better. A student may receive credit for the course from only one program (ie. graduate or undergraduate).

Only earned credit that applies to its graduate programs is recognized. Credit by validation exam is only permitted when a student has successfully completed a predefined structured course of study for which a validation exam has been established and approved by the School. Credit obtained by validation exam is considered earned credit. A maximum of 12 hours of credit may be obtained by validation exam. Credit for experiential learning, credit by challenge examination, and other categories of non-traditional credit may not apply to a graduate degree. Students may validate their knowledge in specific courses by waiver examinations but must also complete a commensurable number of hours in approved courses to meet the minimum amount of earned credit for graduation.

Graduation Requirements

In order to graduate, a candidate must:

1. Complete an application to graduate which must be filed with the Records and Advisement Office two months prior to the anticipated graduation date.
2. Complete the program with a minimum grade point average of 3.00.
3. Pass a comprehensive examination and/or a defense of a thesis/research project, portfolio, or case study, as may be required by the respective School. For additional graduate requirements, see catalog section on degree to be earned.

Responsibilities of the Student

Each graduate student is responsible for knowledge of all regulations and procedures published in this bulletin and in school entrance materials. Continued advancement in the program is contingent upon the adherence to the decisions of the Graduate Council and the policies and procedures as published in this catalog. The student must assume the initiative in such matters as securing approval of a program of study and arranging

for required tests and examinations. Failure to do so may result in unnecessary delay or interruption of graduate studies.

Second Master's Degree

Degree programs for students who have already completed a master's degree will be arranged individually. The amount of applicable class work from the first degree will be determined by the age of previously earned credit and its appropriateness to the program. Ordinarily, theory courses that are more than ten years old and technology application courses that are more than five years old must be repeated or waived by a validating examination. Students must complete a minimum of two-thirds of the credits required for a second degree which may include independent study in residence. A thesis or research project may be required. The GRE/GMAT is not required for a student pursuing a second master's degree from a U.S. accredited institution.

Thesis Requirement

If the School requires a thesis, the student must secure the School's approval of the thesis topic and research design. Research and thesis preparation are under the direction of the student's School.

Two copies of the approved thesis, one of which will be placed in the library, must be provided to the School.

Time Requirement

The time required to complete a degree is as follows:

<u>School of</u>	<u>Years</u>
Religion	7
Education & Psychology	7
Business & Management & Nursing (MSN/MBA)	6
Business & Management	5
Nursing (MSN)	5

Ordinarily, theory courses that are more than ten years old and technology application courses that are more than five years old must be repeated or waived by a validating examination.

Transfer Credit

Transfer courses must be taken at an accredited institution, carry grades of B or better, and be approved by the School. **A maximum of twenty-five percent of transfer credit is allowed for a degree.**

Ordinarily, theory courses that are more than ten years old and technology application courses that are more than five years old must be repeated or waived by a validating examination.

Veterans Educational Benefits

VA benefits will be terminated if the student's cumulative grade point average falls below 3.00. Practical training or Internships required for graduation may be certified to VA and must meet the same standards of progress as students pursuing resident courses.

14 ACADEMIC POLICIES

Withdrawal From a Course

The last day to drop and automatically receive a “W” equals two-thirds of the class days.

ENROLLMENT

Advisement

Each graduate student will be assigned an adviser who will provide academic counseling, approve course scheduling, and supervise research.

Attendance

Students are responsible for attending classes regularly and must comply with the attendance policies described in the course syllabi for courses in which they are enrolled.

Course Load for Intensive Classes

No more than one credit hour per week for any given course may be earned. For every week of class instruction a maximum of one credit hour may be earned.

Enrollment Status

Nine semester graduate hours constitutes full-time status and five semester graduate hours is equivalent to part-time status. The maximum number of hours for which graduate students may enroll is 12, unless special permission is given through the Dean of Graduate Studies. A mixture of graduate and undergraduate classes could jeopardize the student status with loan deferment and/or health insurance policies. Students enrolled in 12 undergraduate hours are classified as full-time. Six undergraduate hours constitutes half-time enrollment. Students should check with their health insurance provider or loan company for eligibility.

Health Service

All students attending classes on the university campus are required to submit a completed Health Information form. Forms are available at the University Health Center or on the website <http://studenthealth.southern.edu>. Failure to complete this form will delay registration.

Independent Study

A maximum of six semester hours may be taken as independent study within the graduate degree.

Online Program

The School of Business and Management offers the MBA graduate program online. The online program provides the same quality of educational experience as that received by students on campus.

Registration

Students must register for course work (online or regular) no later than the beginning of the second week of class.

Reinstatement Policy

A student may apply for reinstatement to a program when he/she has not met progression and candidacy requirements. The application will be considered by the Graduate Council.

Repeated Courses

A course may be repeated on the resident campus for the purpose of improving the GPA or to remove a non-passing grade. A maximum of two courses may be repeated. This does not apply for provisionally accepted students.

Second Emphasis

Each emphasis must include a minimum of 18 hours that do not overlap with any other emphasis.

GRADE POLICIES**Grading System**

An institutional grading system is not followed as course syllabi describe methods of evaluating students' work and the grading system for each course. The following equivalencies are used:

A	4.0 grade points per hour
A-	3.7
B+	3.3
B	3.0
B-	2.7
C+	2.3
C	2.0
F	0.0
CR	0.0 Credit
I	0.0 Incomplete
IP	0.0 In Progress
NR	0.0 Not Reported
P	0.0 Pass
S	0.0 Satisfactory
W	0.0 Withdrawal

Minimum Grades

A maximum of two courses with C grades may count toward a master's degree. Grades lower than C (2.0) are not applied toward completion of a graduate program. Provisionally accepted students may only have one C grade.

PETITION AND ACADEMIC GRIEVANCE PROCEDURES**Academic Grievances**

The student, believing that he or she has been unfairly treated or disciplined, may enter into an academic grievance process. The student shall first discuss the grievance with the instructor, within two weeks, of the grievance in an informal conference. If the student believes that the solution is not appropriate, the student may submit the grievance, in writing, to the School's Dean within four weeks of the informal conference. If the student believes that the resolution facilitated by the School Dean is not appropriate, the student can appeal to the Dean of Graduate Studies within six weeks of the informal conference. The Dean of Graduate Studies will ask the Graduate Council to appoint a Grievance Committee according to the policies of the Employee Handbook. The decision of the Grievance Committee shall be final.

16 ACADEMIC POLICIES

Academic Integrity

Students are expected to practice academic integrity in all instances. The penalties for dishonesty including plagiarism may include the following:

- a. Record a failing grade on the exam, assignment, or project.
- b. Assign a failing grade in the class.
- c. Allow the student to resubmit the assignment with a reduced value for the assignment.
- d. Assign the student a paper, project, or activity that improves the student's understanding of the value and nature of academic integrity.
- e. Dismissal from the University.

Disability Act

Southern is in compliance with Section 504 of the Rehabilitation Act (1973) and is dedicated to the elimination of architectural and prejudicial barriers which prevent any qualified person from attending. SAU has designated Learning Success Services (LSS), located on the third floor of Lynn Wood Hall, to provide disability services according to the provisions of applicable disability law.

The University does not assume the responsibility of identifying students who qualify for accommodations or special services. The student must 1) voluntarily and confidentially identify to the Disability Services Coordinator (DSC) as having a qualifying disability and 2) provide appropriate documentation to meet the requirements for being certified to receive accommodations.

Students with physical or academic disabilities that could impact their learning experiences at Southern must contact LSS, by phone (423-236-2838) or in person, to schedule an appointment with the DSC. It is expected that students with disabilities will make this contact not later than the first month of the semester. Otherwise, the process of certifying eligibility and arranging for reasonable accommodations will probably not be completed in time to meet their needs before mid-term.

To find out more about the services available and the requirements and processes involved in qualifying for accommodations at Southern, please visit lss.southern.edu. From the Student Links menu select the Disability Support option.

Petitions

Students may petition the Graduate Council for exceptions to policy. Petitions should include reasons for the request. The form may be obtained from the Records and Advisement Office.

FINANCING YOUR EDUCATION

Southern Adventist University operates on the basis of each graduate student assuming the primary responsibility for his/her educational costs. Financial aid is available to U.S. citizens and permanent residents in the form of low interest federal and private educational loans. Repayment of these loans does not begin until after a student drops below half-time status. A limited number of private institutional scholarships and graduate assistantships are available for students in the Master of Business Administration, Education, Counseling, and Nursing programs. (Students may apply for these scholarships/assistantships through the school in which they are enrolled.)

Students receiving a Seventh-day Adventist conference subsidy/assistance for tuition and living expenses may not be eligible for financial aid. Specific assistance may vary between the conferences, therefore tuition and expenses not covered by the subsidy must be paid at, or before, registration. International students are not eligible for U.S. federal financial aid.

Federal Stafford Loan Requirements and Disbursements

Students must register for, and attend, a minimum of five credit hours per semester to receive a Federal Stafford Loan. The first half of the loan amount will be credited to the student's account after the student's attendance in at least five credits has been verified. Anyone who drops below five credit hours or does not attend at least two class periods of the second course will not receive loan funds.

The amount that graduate students may borrow per year is up to \$18,500 (\$8,500 Subsidized, \$10,000 Unsubsidized Stafford Loan) or the cost-of-attendance, whichever is less, at an annual interest rate of approximately 6.80-8.25%. Principal repayment begins six months after the student ceases to be enrolled in at least five credit hours. Students receiving a Federal Stafford Loan will need to complete and mail the Free Application for Federal Student Aid (FAFSA) and a loan application six to eight weeks prior to registration. Student borrowers may not receive anticipated loan funds unless the amount borrowed exceeds the direct costs, and the funds have been received by Southern. If extenuating circumstances occur, students may appeal to the Financial Appeals Committee.

Ability to Benefit

The federal government requires that the university have a copy of the baccalaureate transcript from an accredited institution prior to disbursement of federal financial aid to graduate students. Therefore, students accepted provisionally will not receive their loan proceeds until a copy of their baccalaureate transcript is received by the Records and Advisement Office at Southern.

Students eligible for financial aid who are completing their first undergraduate degree and who are also enrolled in the graduate program at Southern will receive financial aid at the undergraduate level until they complete their undergraduate requirements. Those seeking a second undergraduate and a graduate degree at the same time, if eligible, will receive financial aid as a graduate student.

**Satisfactory Academic Progress Policy
for Graduate Students Receiving Federal Financial Aid**

Government regulations require all financial aid recipients to maintain satisfactory academic progress toward a degree, as measured both qualitatively and quantitatively, in order to receive financial aid, including federal loans. This requirement applies to the entire period of enrollment in Southern Adventist University's graduate program—including periods during which a student does not receive financial aid. Failure to comply with this requirement may result in a student becoming ineligible for financial aid.

Requirements

A student must maintain a cumulative grade-point average (GPA) of at least **3.00** and complete at least **67.00%** of attempted credit hours per semester.

"Attempted credits" are those credits for which a student registers and of which he/she attends at least two class periods. Aid is awarded based on these credits. (Incompletes, withdrawals, and failed classes count toward the total attempted credits. A repeated course counts as attempted credit each time it is taken.)

"Completed credits" are those that apply to a student's degree and for which a passing grade is received. (Incompletes, withdrawals, failed classes, and audits do not count as completed credits.)

Time Frame For Receiving Financial Aid

The maximum time to receive financial aid is 150% of the established course length. A student may receive financial aid for up to two graduate degrees.

Progress Review

Student Finance will review each student's academic progress at least once per semester and will send a notice, in writing, if a student has not maintained satisfactory academic progress as outlined above.

A student whose financial aid/loans have been suspended as a result of failing to comply with this policy, and who feels that unusual and unavoidable circumstances led to this suspension, may appeal to the Financial Aid/Academic Progress Committee. Student Finance will advise the student, in writing, of the committee's decision.

**FEES AND CHARGES
2007-2008**

Tuition

Southern Adventist University requires full payment of tuition at or before registration for each graduate course. Students receiving loans that are equal to or greater than their tuition expenses and are guaranteed by the lender prior to registration are not required to pay until the loan proceeds are received by Southern.

Effective May 1, 2007, graduate tuition is \$436 per credit hour.

***Estimate:** Figures are estimated and will vary, depending upon individual needs and number of credit hours for which the student has enrolled.

Refunds

If a student officially withdraws during the course or semester, a refund of tuition for hours dropped is made according to the date on the withdrawal form. All required signatures must be obtained and the form must be filed with the Records and Advisement Office.

Tuition refunds, when a student withdraws from a course, are calculated as follows:

- during the first two class periods 100%
- from the third class to course midpoint 50%
- from midpoint to course ending date 0%

Students withdrawing from all classes will be charged a cancellation of program fee of \$100.

International Student Deposit

In addition to regular University charges, international students must provide an International Student Deposit of \$3,000 U.S. This applies to all international students except documented permanent residents of the U.S. or residents of Canada. The deposit must be received by the Enrollment Services Office before a U.S. Immigration Form I-20 is sent to the prospective student for entry to the U.S. Because mail service from many foreign countries takes time, this deposit should be sent at least eight weeks prior to enrollment. This deposit, once paid, remains untouched (with interest paid at the rate

of two percent) until the student graduates, withdraws from Southern, or is unable to pay his or her student account, at which time the international deposit will be applied to the student's account. If the student's account has been paid in full, the deposit will be refunded after the final statement is issued.

Credit Cards

The Cashier's Office honors VISA, MasterCard, Discover, and American Express cards for making payments on a student's account. **No cash withdrawal service is available from the Cashier's Office.** This service may be obtained from a local financial institution or ATM.

When using a credit card to pay on an account, the following information must be supplied: 1) type of credit card being used, 2) cardholder's name, 3) credit card number, and 4) expiration date.

Summer Residence Hall

A refundable deposit of \$250 is required of each student. This deposit is held in reserve until the student permanently moves out of the residence hall. Seventh-day Adventist conference-sponsored students enrolled part-time in the summer program are exempt from this requirement.

The rental charge per person for dual occupancy is \$11 per day. When available, single occupancy is permitted at \$17 per day. Room charges will be posted to a student's account monthly, based on the number of days a room was occupied/reserved during the month.

Pets and children of students are not permitted to stay in the residence halls.

University Apartments

The University apartments are available on a first-come first-served basis. Rental arrangements are made with the office of the Vice President for Financial Administration. The first month's rent and a \$250 housing deposit is required before a rental agreement is issued. An additional \$5 per key deposit must be paid before keys to the apartment are issued. These deposits are fully refundable unless there are unpaid rental charges, cleaning charges and/or unreturned keys. Additional charges will be assessed if the deposit is insufficient to cover these costs. Semester rental charges will be posted to the student's account to be paid monthly. Subject to change without notice.

Books and Supplies

Textbooks, school supplies, and other class materials are available at the Campus Shop.

Release of Transcripts or Diplomas

It is the policy of the university to withhold transcripts, diplomas, certificates of completion, and other records if a student has an unpaid or past-due account at the school, any unpaid account for which the university has co-signed, or if a federal loan borrower has not completed a Federal Stafford Loan Exit Interview.

When payment is made by personal check, the transcript will be held for up to ten working days to allow the check to clear.

Any student that has an amount that has been written off due to an uncollectible account, settlement, or lost account must pay the written off amount prior to enrolling in any class or being accepted or re-accepted as a graduate student.

22 FINANCES

Any student with an account that has not been paid in full due to a bankruptcy filing, must be paid in full before acceptance or enrollment unless (1) the student has received a hardship discharge from the bankruptcy court and provides a copy of the same to the University or (2) the student can demonstrate to the satisfaction of the University that his or her account falls outside of the educational benefit discharge exception of Section 523(a)(8) of the Bankruptcy Code.

SCHOOL OF BUSINESS AND MANAGEMENT

Member of International Assembly for Collegiate Business Education

Dean: Don Van Ornam

Faculty: Michael Cafferky, H. Robert Gadd, Jan Haluska, Rob Montague, Cliff Olson,
Don Van Ornam, Neville Webster, Jon Wentworth

Adjunct Faculty: Herbert Coolidge, William Dean, Greg Willett

Mission

The mission of the School of Business and Management lies within the mission of Southern Adventist University. The mission of the School of Business and Management is to develop Christ-centered business leaders who integrate knowledge and application with high moral values.

Objectives:

In order to carry out this mission, the Graduate School of Business and Management seeks to accomplish the following goals for each master emphasis:

1. To give the student a broad background of knowledge of the free enterprise system within a framework of moral and ethical guidelines.
2. To assist the student in developing a sound Christian philosophy toward our current economic environment and the ever-changing business world of the future.
3. To provide the student with a quality academic program at the graduate level with skills required for today's job placement.
4. To prepare the student to serve in a position of business leadership.
5. To provide the necessary academic background for entrance into terminal degree programs in business or related areas of concentration and obtain professional degrees.

Degrees Offered

The School of Business and Management offers a Master of Business Administration (MBA), Master of Financial Services (MFS), and a Master of Science in Administration (MSA).

Online Program:

The Master of Business Administration (Management emphasis) degree program is available online. You may contact <http://business.southern.edu> or the School of Business and Management (423-236-2751) for more information.

Admission Requirements

In addition to the admission requirements for graduate study, a candidate for a Master of Business Administration, Master of Financial Services, or a Master of Science in Administration will comply with the following requirements.

1. A Bachelor's degree from an accredited institution in any major.
2. A cumulative undergraduate grade point average of 3.00 or higher.
3. A Graduate Management Admissions Test (GMAT) taken within the past five years. Students will be admitted based on the following formula: $GPA \times 200 + GMAT = 1000$. An applicant with an undergraduate degree from an accredited U.S. college or university, and who has an undergraduate GPA of 3.25 or above,

or a GPA of 3.00 and five years of full-time business-related experience may be admitted without a GMAT score.

4. International students must provide an official GMAT score as a prerequisite for acceptance. In addition they must have a TOEFL score of at least 600 (paper based)/250 (computer-based)/100 (internet-based), having taken the test within the past year or demonstrate proficiency in the use of the English language.

Note: All graduate admission documents are to be sent to the Graduate Studies Office.

Provisional Admission:

An applicant with a combined GPA/GMAT score of less than 1000 may be admitted provisionally. A student accepted provisionally will be admitted to regular status upon the completion of 12 credit hours with a minimum GPA of 3.00. Students are not permitted to repeat courses in order to satisfy this requirement. Students who do not satisfy this requirement will not be permitted to continue in the program.

Admission to the Programs:

Full-time students may be admitted into the program during the fall semester. Part-time students may enter the program at the beginning of any semester. (Fall, Winter, Summer)

Time Limits:

The programs are structured to meet the needs of the part-time as well as the full-time student. Normal progress through the programs for the full-time student will be four courses per semester. Normal progress for part-time students will be one or more courses per semester. The time allowed from enrollment to the graduate program to the conferring of the Master of Business Administration degree may not exceed five years. Application for an extension will be considered on an individual basis.

Residence:

The last 30 semester hours (24 hours for the MFS) must be taken through the Southern Adventist University School of Business and Management.

Progression:

1. A maximum of six semester hours with a minimum grade of "B" may be transferred into the program to satisfy graduation requirements provided they are equivalent to course requirements.
2. A course may be repeated one time for the purpose of improving the GPA or to remove a non-passing grade. A maximum of two courses may be repeated.

Graduation Requirements

A candidate must:

1. Complete an application to graduate, which must be filed with the Records and Advisement Office two months prior to the anticipated graduation date.
2. Complete the program with a minimum grade point average of 3.00. A maximum of two courses with C grades may count toward a master's degree.

MASTER OF BUSINESS ADMINISTRATION

The Master of Business Administration program consists of 36 hours of courses. The regular schedule is a three semester regimen of four courses each.

The emphases in the MBA are:

The mission of the School of Education and Psychology at Southern Adventist University is to prepare students at both undergraduate and graduate levels who can function effectively in a culturally pluralistic society and who are dedicated to assisting individuals in reaching their maximum potential in service to God and humanity.

Degrees Offered

The School of Education and Psychology offers a Master of Science degree with two emphases in Counseling and a Master of Science in Education degree with five emphases.

The emphases in Counseling are:

- ▶ Professional Counseling
- ▶ School Counseling

The emphases in Education are:

- ▶ Curriculum and Instruction
- ▶ Educational Administration and Supervision
- ▶ Inclusive Education
- ▶ Literacy Education
- ▶ Outdoor Teacher Education

MASTER OF SCIENCE Professional Counseling and School Counseling

Objectives:

1. To enhance competency in several areas of counseling services.
2. To prepare candidates for placement in the professional field.
3. To provide studies in preparation for more advanced programs.
4. To prepare candidates to obtain the appropriate credentials and/or licensure.
Note: Each candidate is responsible for the realization of this goal, as each state has its own standards. Upon completion of a program, students will have met the academic eligibility requirements for TN Licensed Professional Counselor (LPC) or School Counselor Certification.
5. To train candidates to effectively serve others.

Prerequisites for Admission

In addition to the admission requirements for graduate study, a candidate for the Master of Science program with emphases in Professional Counseling or School Counseling must comply with the requirements listed below. Students who wish to enroll prior to completing all prerequisites for regular admission may be granted non-degree student status. Students who have not met all requirements for regular admission upon completion of 9 semester hours will be prohibited from registering for additional credits until all requirements are satisfactorily completed.

1. Academic records are examined to determine whether the applicant has established a firm basis for graduate work in the proposed field of study. The completion of a minimum of 9 semester hours in psychology or behavioral sciences on the upper division of the undergraduate level or on the graduate level, including one class in research and/or statistics, is required.
2. The absence of any felony or pending prosecution for felony. (Completion of form verifying such and background check are required).
3. Three recommendations, including one academic and one professional, from recent sources, are required. Letters of recommendation are required and additional recommendation forms (to be attached to letters) are available from the School of Education and Psychology.
4. An interview by members of the counseling area of the School of Education and Psychology to assess the candidate's values, commitment to multiculturalism, attitudes, and communication skills. This interview will be conducted within one month of the student's initial enrollment.
5. Prior to the faculty interview, candidates are asked to complete a written "Statement of Purpose" regarding their motivation for joining the counseling program as part of their application. Guidelines are available from the School of Education and Psychology.
6. In harmony with accepted academic practice for regular admission status, a minimum of 3.0 grade point average on the undergraduate level or on 9 semester hours of graduate credit is required. Students with a grade point average less than 3.0 may be considered for provisional admission on an individual basis. Regular admission status may be granted if the non-degree student's GPA averages 3.0 or higher at the end of the first 9 graduate semester hours, and all other regular admission requirements have been met.
7. The results of the required Graduate Record Examination General Test (GRE) provide additional evidence of the applicant's aptitude and knowledge. Consideration is given to scholarly promise as well as achievement. The minimum required for regular admission is a combined verbal and quantitative score of 900. International students whose first language is not English will be exempt from taking the Graduate Record Exam, but must submit their score on the Test of English as a Foreign Language (TOEFL). A minimum score of 600 on the paper-based test, 250 on the computer-based TOEFL, or 100 on the internet-based TOEFL is required.
8. 16 PF (personality test) results on record prior to completion of 9 semester hours of credit.

The School of Education and Psychology reserves the right to revoke admission should a candidate be deemed inappropriate for a counseling degree.

Graduation Requirements

A candidate must:

1. Complete an application to graduate, which must be filed with the Records and Advisement Office two months prior to the anticipated graduation date.
2. Complete the program with a minimum grade point average of 3.00.
3. Pass a written comprehensive examination designed by the faculty.
4. Complete a final position paper and/or pass an oral defense of a video case presentation.

MASTER OF SCIENCE IN EDUCATION

Objectives:

1. To provide knowledge about school administration, educational curriculum, and effective teaching methods used in elementary, secondary, and college classrooms.
2. To enhance the proficiency of career educators in their chosen areas of specialization.
3. To instill in students the desire to effectively serve others.
4. To encourage students to perceive education as an on-going process.
5. To lead students to a broad vision of education as a tool for analyzing and processing social trends.

Prerequisites for Admission

In addition to the admission requirements for graduate study, a candidate for the Master of Science program in Education will comply with the following requirements:

1. Academic records are examined to determine whether the applicant has established a firm basis for graduate work in the proposed field of study. In harmony with accepted academic practice for regular admission status, a minimum of 3.0 grade point average on the undergraduate level or 3.0 average on 12 semester hours of graduate credit is required. Students with a grade point average of less than 3.0 may be considered for provisional admission on an individual basis. Regular admission status may be granted if the provisional student's GPA averages 3.0 or higher at the end of the first 12 graduate semester hours.
2. Completion of a minimum of nine (9) semester credits in education courses. Generally, candidates who have graduated from undergraduate education programs easily fulfill this requirement. Candidates who have not completed this requirement may be granted provisional admission for a period of time determined by the School of Education and Psychology. Candidates for the Master of Science in Education with an Outdoor Education emphasis are exempt from this requirement, but are required to be interviewed prior to admission to this program.
3. The results of the required Graduate Record Examination General Test (GRE) provide additional evidence of the applicant's aptitude and knowledge. Consideration is given to scholarly promise as well as achievement. The minimum required for regular admission is a combined verbal and quantitative score of 900. International students whose first language is not English will be exempt from taking the Graduate Record Exam, but must submit their score on the Test Of English as a Foreign Language (TOEFL). A minimum score of 600 on the paper-based test, 250 on the computer-based TOEFL, or 100 on the internet-based test is required.

Graduation Requirements

A candidate must:

1. Complete an application to graduate, which must be filed with the Records and Advisement Office two months prior to the anticipated graduation date.
2. Complete the program with a minimum grade point average of 3.00.

3. Pass a written comprehensive examination designed by the faculty or present a cumulative portfolio (available only to Outdoor Education emphasis) or complete a professional project (available only to Literacy Education emphasis).

Emphasis in OUTDOOR TEACHER EDUCATION

This program is designed for classroom teachers, outdoor professionals, youth workers or anyone who wants to use more effectively God's book of nature in teaching and outdoor programming. Generally, the classes and field experiences involve examining, evaluating, developing, and implementing outdoor education programs. Activities, such as canoeing, kayaking, backpacking, and rock climbing, are included as part of many of the courses, but are not the primary focus. Students can complete their coursework in three to four semesters, and may choose from two attendance options. Candidates applying to the Outdoor Teacher Education program must submit to a criminal background check, in addition to completing all other requirements for admission (see pp.10-11).

Option 1: The Outdoor Professional Intensives

These intensive sessions are designed for outdoor professionals (camp directors, naturalists, etc.) who need to continue working while enrolled in classes. To accommodate the work schedules of such professionals, each semester requires attendance of a ten-day intensive, with additional projects and/or assignments to be completed individually in an outdoor setting after the session. Participation in these intensive sessions represents a commitment to the outdoor education field and is an opportunity for students to test their skills, knowledge, desires, and career goals while sharing topics of discussion and interest with the instructors and each other. Students in this attendance option must be employed or have access to an outdoor facility in order to complete field experiences required.

Option 2: The Classroom Teacher Summer Field School

The summer field school attendance option is designed for K-12 teachers who would like to use outdoor laboratories to enrich the classroom curriculum. Typically the student will attend three consecutive eight-week summer field school sessions in order to complete the degree. Some students may elect to do Independent Study or Internship as part of their coursework. Independent Study allows the teacher to develop outdoor units of study within their classrooms. Internships allow the teacher to network with outdoor professionals in their home community. Resources used for Internships typically include nature centers, parks, zoos, aquariums, museums, and government agencies offering outdoor education programming for teachers and schools. All students attending the summer field school should come prepared with outdoor appropriate clothing and basic camping gear. Suggested schedules for Summer Field School and a list of items typically required for classes are available from the School of Education and Psychology.

The REQUIRED courses are as follows:

The course also examines the implications and practices for facilitating successful literacy instruction for English Language Learners.
- EDLE 580. Literacy Internship** **2 hours**
 Designed to meet the particular needs and interests of the student as those relate to classroom instruction in literacy. A proposal will be submitted by the student using action research as the design.
- EDLE 585. Professional Applications in Literacy** **2 hours**
 Provides opportunity for individual students to identify an area of particular passion in literacy. In cooperation with the professor, students design a proposal specifying a plan for applying what has been learned within the context of the professional community rather than the individual classroom. This class will enable graduate students to work in collaboration with the university professor to enhance literacy development in a community or professional setting.

EDLE 595. Independent Study in Literacy Education 1-3 hours

Individual research/study project in literacy education under the supervision of a graduate professor.

EDOE 503. Principles and Concepts of Outdoor Education 2 hours

Co-requisite: EDOE 504.

Basic concepts and the history of the outdoor education movement. Scope of contemporary programs in the U.S. and abroad. Examination of the teaching of learning processes relevant to outdoor and environmental education. Lab fee 7 will be assessed for this course.

EDOE 504. Field Experience in Principles and Concepts of Outdoor Education 1 hour

Co-requisite: EDOE 503.

Experiences in this course are designed to support and supplement the theoretical foundations presented in Principles and Concepts of Outdoor Education (EDOE 503) by on-site examinations of schools, nature centers, and residential camps.

EDOE 513. Nature Study 2 hours

Co-requisite: EDOE 514.

A field course for teachers and outdoor leaders to increase their knowledge, confidence, and awareness of nature. Interpretation of urban and rural wildlife that could be encountered by the teacher and students in the outdoor classroom will be covered. Lab fee 7 will be assessed for this course.

EDOE 514. Field Experience in Nature Study 1 hour

Co-requisite: EDOE 513.

The experiences in this course are designed to support and supplement the lectures presented in Nature Study (EDOE 513) and provide practical field experiences for helping outdoor teachers in using field keys, observing nature, and acquiring skills needed for studying plants and animals in a variety of habitats.

EDOE 523. Leadership in Outdoor Education 2 hours

Co-requisite: EDOE 524.

This course is for outdoor leaders and gives training in planning, organizing, and implementing outdoor programs for children, youth, and adults. Experiences include evaluating the operations of camp, recreation and residential programs. Lab fee 8 will be assessed for this course.

EDOE 524. Field Experience in Leadership in Outdoor Education 1 hour

Co-requisite: EDOE 523.

The experiences in this course are designed to support and supplement the theoretical foundations presented in Leadership in Outdoor Education (EDOE 523) and to provide opportunities to conduct on-site evaluations of outdoor education programs, their curricula, staffing, and financial management.

EDOE 528. Interpretation of Natural and Historical Resources 2 hours

This course will examine the fundamental principles of natural and historical interpretation. Students will research local resources in order to develop interpretive programs. Particular attention is given to contemporary methods of interpretation in parks, nature centers, camps, and other outdoor settings. Lab fee 4 will be assessed for this course.

EDOE 533. Developing Outdoor Teaching Sites 2 hours

Co-requisite: EDOE 534.

This is an intensive seminar designed to provide practical field experience in developing a wide range of activities for the school yard, park or use in a resident facility. Participants in this seminar will develop materials in the evenings and implement them at a camp or environmental school site. Lab fee 7 will be assessed for this course.

EDOE 534. Field Experience in Developing Outdoor Teaching Sites 1 hour

Co-requisite: EDOE 533.

This course is designed to support and supplement Developing Outdoor Teaching Sites (EDOE 533) and to provide practical field experiences in developing curriculum, as well as trails, gardens, ropes courses, or other physical needs of an outdoor site. The students will complete a project at a camp, nature center, or school yard site.

EDOE 535. Outdoor Therapy: Design and Procedures **2 hours**

Co-requisite: EDOE 536.

An examination of design, procedure, and group therapy dynamics used as a therapeutic tool in the outdoor setting. Lab fee 8 will be assessed for this course.

EDOE 536. Field Experience: Outdoor Therapy **1 hour**

Co-requisite: EDOE 535.

The experiences in this course are designed to support and supplement the theoretical foundations presented in EDOE 535, Outdoor Therapy: Design and Procedures, and to provide hands-on training in outdoor therapeutic settings.

EDOE 537. Lab Experience: Technology in Outdoor Education **1 hour**

Must be taken concurrently with EDOE 538.

This course is designed to support and supplement Technology in Outdoor Education (EDOE 538) and to provide practical laboratory experiences in surveying, sampling, or collecting data for biological research.

EDOE 538. Technology in Outdoor Education **2 hours**

This course will provide participants with knowledge in using various types of equipment used in surveying, sampling, or collecting data for biological research. Students will work with professionals in the field to develop the skills needed to use equipment, and then learn ways to involve their students in similar activities in the outdoor classroom. Lab fee 8 will be assessed for this course.

EDOE 539. Outdoor Recreation **1-2 hours**

This course focuses on programming and leadership of adventure activities. Topics covered may include, but are not limited to backpacking, spelunking, canoeing, and wilderness living. It may be repeated with different skill emphases. It will be taught at a location suitable for the particular activity being offered. Lab fee 4 will be assessed for this course.

EDOE 543. Environmental Ministries for Teachers and Youth Leaders **2 hours**

This seminar will focus on the use of nature study to lead children and youth to Christ. It is designed for teachers and youth leaders who want to learn more about using nature as a tool for witnessing. Participants will learn to use nearby and/or familiar locations for environmental understanding and inspiration.

EDOE 553. Ecology Education **2 hours**

A study of the interrelationships of plants, animals, and their environment. Field work will introduce the teacher to actual activities and simple sampling techniques that can be reproduced in the classroom and outdoor teaching site. Lab fee 6 will be assessed for this course.

EDOE 563. Wilderness Stewardship **2 hours**

An intensive back country camping course to be taught entirely in the field. It will provide the student with basic knowledge and understanding of minimal environmental impact on nature while pursuing outdoor recreational activities. Professional reading will be required prior to the trip from writers such as Thoreau, Leopold, Muir, Carson and other voices of stewardship. Field trip fee will be charged for food and transportation.

EDOE 565. Nature Journaling **1-2 hours**

This class will help the student explore the natural world through journaling. It focuses on writing and revising a journal. The following will be discussed: the creative process, and the elements of good writing, including the discovery process, writing introductions and conclusions, using concrete and specific language and appropriate style. Lab fee 4 will be assessed for this course.

EDOE 568. Nature Photography **1-2 hours**

A theoretical and practical study of photography as a means of communicating and recording nature. Topics will include outdoor lighting, composition, exposure, color, and choosing equipment and film for nature photography. Students need their own cameras. Lab fee 5 will be assessed for this course.

EDOE 573. Outdoor Curriculum and Methods, Grades 1 - 6 **1-2 hours**

This course may focus on any of the following areas of emphasis: art, music, language arts, math, social studies, science, technology, health and physical education. The student will collect and organize a file of teaching materials appropriate for outdoor education and evaluate outdoor education activities. Twenty hours (20) of field experiences in selected outdoor schools and attendance at selected professional meetings are considered a part of this course. (One to two hours may be taken in each emphasis.) Lab fee 2 will be assessed for this course.

EDOE 574. Outdoor Curriculum and Methods, Grades 7 - 12 **1-2 hours**

Individual research/study project in outdoor education under the supervision of a graduate studies professor. May be conducted at a school or camp site. Independent studies must be limited to two, with a maximum of six semester hours of credit earned total.

EDUC 520. Theories of Learning **2 hours**

A Biblical view of the learner and the learning process is used to examine current approaches to learning theory. Behavioristic and cognitive-field learning theories, as well as adult teaching practices, are examined as they relate to theoretical perspectives. Theoretical principles are then used to devise practical adult teaching and learning methodologies.

- EDUC 531. Technology and the Educator** **3 hours**
 Study and analysis of the integration of technology in learning environments. The course examines technology-related issues from instructor, student and administrator perspectives. Issues include the philosophy of and need for technology, learning outcomes associated with the use of technology, implementation of and problems associated with technology in the instructional environment and technology related to administrative function and professional development. This course also seeks to provide the educator with an array of professional competencies so as to optimally leverage technology for instructional ends. This course incorporates a hands-on approach and assumes basic competencies in word processing, presentation software, Internet usage, and the Windows operating system.
- EDUC 541. Principles of Counseling** **3 hours**
This course is cross-listed with COUN 520. A student may receive credit for this course from only one program.
 See COUN 520 for course description.
- EDUC 566. Seminar: Trends and Issues in Education** **1-3 hours**
 Analysis of current and emerging educational trends. Exploration of curricular concerns and/or instructional issues which shape the teaching/learning process.
- EDUC 573. The Art of Teaching Writing** **3 hours**
 This class designed for students wishing to immerse themselves in the study of living like a writer. This study will focus on an in-depth study of authors who share what it means to live like a writer as they craft writing. Children's literature will be studied in light of the writing craft. Students will also focus on applying the skills of conferring to assist child authors in crafting their writing.
- EDUC 577. Reading Assessment and Remediation** **3 hours**
 Examines the various causes of reading difficulties and the instructional procedures, strategies, and materials for remediating those difficulties.
- EDUC 587 Statistics** **2 hours**
 This course is designed to provide the basic knowledge of descriptive and inferential statistics to be applied to educational research: measure of central tendency and variability; correlation and regression; testing of hypothesis using the normal; binomial t, F, and chi-square distribution.
- EDUC 592. Educational Research** **3 hours**
 Fundamentals of action research methodology. Analysis, critical reading, evaluation, and application of research needed for development of skills in research proposals. Includes the presentation of a proposal and the carrying out of a research project under supervision.
- EDUC 595. Independent Study in Education** **1-3 hours**
 Individual research/study project in education under the supervision of a graduate studies professor.
- EDUC 599. Master's Research Project** **3 hours**
 This is a concentrated study on a problem or issue to be examined in the light of research. The student is urged to work closely with his/her advisor during each phase of the development of the research project.

SCHOOL OF NURSING

Dean: Barbara James

Graduate Program Coordinator: Holly Gadd

Faculty: Desiree Batson, Holly Gadd, Barbara James

Adjunct Faculty: Leona Gulley

Mission Statement

The mission of the School of Nursing is to provide a Christian learning environment that values academic excellence and fosters personal and professional growth to meet the diverse needs of individuals, families, and communities.

The School of Nursing's graduate program is designed to provide opportunities for advanced practice and upward mobility within healthcare. The purpose of the graduate program is to provide an SDA Christian graduate nursing education for individuals who desire to serve the Seventh-day Adventist world church and local communities in advanced nursing roles.

Degrees Offered

The School of Nursing offers a Master of Science in Nursing with the following emphases:

- ▶ Adult Nurse Practitioner
- ▶ Family Nurse Practitioner
- ▶ Nurse Educator

The School of Nursing in collaboration with the School of Business and Management offers a dual degree:

- ▶ Master of Science in Nursing/Master of Business Administration (MSN/MBA)

The School of Nursing offers an accelerated RN to MSN program for Registered Nurses with an Associate Degree or Diploma in nursing. The emphases include:

- ▶ Adult Nurse Practitioner
- ▶ Family Nurse Practitioner
- ▶ Nurse Educator
- ▶ Master of Science in Nursing/Master of Business Administration (MSN/MBA)

The School of Nursing offers post-Master's certificate programs with the following emphases:

- ▶ Adult Nurse Practitioner
- ▶ Family Nurse Practitioner
- ▶ Nurse Educator

MASTER OF SCIENCE IN NURSING

MSN Admission Requirements

1. Completed graduate application.
2. A baccalaureate degree with a major in nursing from a recognized college or university with an accredited program.
3. Current licensure as a registered nurse in Tennessee or current multistate license with privilege to practice in the state of Tennessee. A Georgia license is recommended for nurse practitioner students.
4. Three hours in statistics.

5. An undergraduate GPA of 3.00 or better. If the candidate has previously taken 12 or more graduate credits from another college or university, the graduate GPA may be substituted for the undergraduate GPA.
6. Applicants with less than a 3.00 grade point average may be admitted provisionally. Students initially granted provisional acceptance may progress through the program with a maximum of one C grade.
7. Personal interview and two professional references.
8. One year of nursing experience after graduation or recommendations from nursing faculty.
9. International students must have a TOEFL score of at least 600 (paper-based), 250 (computer-based), or 100 (internet-based) with testing within the past year.

Admission to the Program:

Full or part-time students may be admitted to the program during the fall or winter semesters.

Application Process:

1. Submit completed SAU nursing graduate application and all required documents for University admission to the Graduate Studies Office prior to July 1 for fall admission, and by December 1 for winter admission. Priority is given to early applicants and applicants with current nursing work experience. Enrollment in the nurse practitioner emphasis is limited.
2. Arrange for a personal interview with a School of Nursing graduate faculty prior to the application deadline.
3. Provide proof of current Tennessee RN licensure or multistate RN licensure, current immunization, and Health Care Provider CPR certification to School of Nursing MSN Enrollment Counselor.
4. A criminal background check is required of all students. Background checks are facilitated by the School of Nursing MSN Enrollment Counselor and the Office of Human Resources and are charged to the student account upon enrollment.

Time Limits:

The program is arranged to meet the needs of part-time and full-time students. Normal progression through the program for the full-time student requires registration for 9 to 12 hours per semester. Normal progression for the part-time student requires registration for a minimum of one course per semester. Time permitted from enrollment in the program to conferring of the MSN degree may not exceed five years. Application for an extension will be considered on an individual basis.

Progression:

Progression in the program may be inhibited by a variety of circumstances. Adverse criminal background information is subject to faculty review and may affect progression.

Student academic standing is monitored regularly for incomplete, in-progress, or unsatisfactory or low course grades and GPA. Students noted to have difficulties in any of these areas are subject to advisement and consideration regarding program progression. A student must withdraw from pre-registered courses if transcript record shows two or more incomplete or in-progress grades from the previous semester.

Residence:

The last 30 semester hours must be taken through the Southern Adventist University School of Nursing. A maximum of 25% of program requirements is allowed as transfer credit. Transfer courses must be taken at an accredited institution, carry grades of B or better, and be approved by the School of Nursing.

MSN Graduation Requirements

1. Completed application to graduate, to be filed with the Records and Advisement office a minimum of two months prior to expected graduation date.
2. Completion of the program with a minimum GPA of 3.00 and no more than two courses with C grades (one C grade for students initially admitted provisionally).

MASTER OF SCIENCE IN NURSING/ MASTER OF BUSINESS ADMINISTRATION

Objectives:

Graduates of the MSN/MBA program will:

1. Demonstrate interdisciplinary expertise in nursing, business, and healthcare administration.
2. Develop a wholistic Christ-centered nursing and business philosophy related to the dynamic healthcare arena.
3. Acquire a balance of nursing, administrative and business skills for service in positions of leadership and management.
4. Contribute to nursing knowledge through active involvement in research.
5. Influence healthcare policy and the future direction of nursing.

Prerequisites for Admission

The Master of Science in Nursing/Master of Business Administration (MSN/MBA) is designed for students with a baccalaureate degree in nursing and ability to demonstrate competency in healthcare management. Individuals with minimal or no business/management background may be required to demonstrate basic knowledge and/or skills in these areas.

MSN/MBA Admission Requirements:

1. Submit completed SAU nursing graduate application and all required documents for University admission to the Graduate Studies Office prior to July 1 for fall admission, and by December 1 for winter admission.
2. A baccalaureate degree with a major in nursing from a college or university with an accredited nursing program.
3. Current licensure as a registered nurse in Tennessee or current multistate license with privilege to practice in the state of Tennessee.
4. Three hours in statistics, equivalent to MATH 215.

5. A Graduate Management Admissions Test (GMAT) taken within the past five years. Students will be admitted based on the following formula: $GPA \times 200 + GMAT = 1000$.
6. Applicants with less than a 3.00 grade point average or a combined GPA/GMAT score of less than 1000 may be admitted provisionally provided their combined score is above 850. Students initially granted provisional acceptance may progress through the program with a maximum of one C grade.
7. One year of nursing experience after graduation or recommendations from nursing faculty.
8. International students must provide an official GMAT score as a prerequisite for acceptance. In addition they must have a TOEFL score of at least 600 (paper-based), 250 (computer-based), or 100 (internet-based) with testing within the past year.
9. Personal interview with both the School of Nursing and School of Business and Management Graduate Program Coordinators.
10. A criminal background check is required of all students. Background checks are facilitated by the School of Nursing MSN Enrollment Counselor and the Office of Human Resources and are charged to the student account upon enrollment.

Admission to the Dual-degree Program:

Full-time or part-time students may be admitted to the MBA program during the fall, winter, or summer semesters and the MSN courses for the fall or winter semesters. Fall applications must be made by July 1 and winter applications by December 1. Students may choose to take the MSN core courses and MBA courses at the same time or complete one program of study prior to entering the other.

Time Limits:

The programs are structured to meet the needs of part-time and full-time students. Normal progression through the dual-degree program for the full-time student requires registration for a minimum of 9 to 12 hours per semester. Normal progression for the part-time student requires registration for a minimum of one course per semester. Time permitted from enrollment in the dual-degree program to conferring of the MSN/MBA degrees may not exceed six years. Application for an extension will be considered on an individual basis.

Progression:

Progression in the program may be inhibited by a variety of circumstances. Adverse criminal background information is subject to faculty review and may affect progression.

Student academic standing is monitored regularly for incomplete, in-progress, or unsatisfactory or low course grades and GPA. Students noted to have difficulties in any of these areas are subject to advisement and consideration regarding program progression. A student must withdraw from pre-registered courses if transcript record shows two or more incomplete or in-progress grades from the previous semester.

Residence:

The last 30 semester hours must be taken through the Southern Adventist University School of Nursing and/or the School of Business and Management. A maximum of 25% of MSN program requirements is allowed as transfer credit. Transfer courses must be taken at an accredited institution, carry grades of B or better, and be approved by the School.

MSN/MBA Graduation Requirements

1. Completed application to graduate, to be filed with the Records and Advisement office a minimum of two months prior to expected graduation date.
2. Completion of the dual-degree program with a minimum GPA of 3.00 and no more than two courses with C grades (one C grade for students initially admitted provisionally).
3. Successful completion of NRSG 598 with a minimum of four credit hours or NRSG 596 with a minimum of three hours.

ACCELERATED RN TO MASTER OF SCIENCE IN NURSING

The accelerated RN to MSN program allows the RN to move more quickly through the nursing requirements toward a professional career goal. In this program there is no BS degree. Instead the student moves through a combination of BS and MSN course work and is awarded only a MSN degree at completion of all MSN requirements. Students choosing not to complete the accelerated RN to MSN program may receive the BS degree in nursing only by completing the regular BS program requirements (see undergraduate catalog).

RN to MSN Admission Requirements:

1. Completed graduate application.
2. An Associate degree or diploma with a major in nursing from a recognized college or university with an accredited program.
3. Current licensure as a registered nurse in Tennessee or current multistate license with privilege to practice in the state of Tennessee. A Georgia license is recommended for nurse practitioner students.
4. Completion of all Southern Adventist University general education and cognate course requirements for the BS degree with a major in nursing, or an approved plan for concurrent completion of these requirements.
5. A minimum undergraduate GPA of 3.25.
6. Applicants with less than a 3.25 grade point average may be admitted provisionally. Students initially granted provisional acceptance may progress through the program with a maximum of one C grade.
7. One year of nursing experience after graduation or recommendations from nursing faculty.
8. International students must have a TOEFL score of at least 600 (paper-based), 250 (computer-based), or 100 (internet-based) with testing within the past year.

Admission to the Program:

Full-time or part-time students may be admitted to the program during the fall or winter semesters after completion of BS general education and cognate requirements.

Application Process:

1. Submit completed SAU nursing graduate application and all required documents for University admission to the Graduate Studies Office prior to July 1 for fall admission, and by December 1 for winter admission. Priority is given to early applicants and applicants with current nursing work experience. Enrollment in the nurse practitioner emphasis is limited.
2. Arrange for a personal interview with a School of Nursing graduate faculty prior to the application deadline.
3. Provide proof of current Tennessee RN licensure or multistate RN licensure, current immunization, and Health Care Provider CPR certification to School of Nursing MSN Enrollment Counselor.
4. A criminal background check is required of all students. Background checks are facilitated by the School of Nursing MSN Enrollment Counselor and of Office of Human Resources and are charged to the student account upon enrollment.

Financial Aid Information:*

Financial arrangements for the RN-MSN program are more complex than for the MSN program. The following are guidelines that students should keep in mind while planning financing for their educational program.

1. Students in the RN-MSN program will be considered undergraduate students, regardless of the classes they take, until they have completed 124 hours.
2. Students in the RN-MSN program will be considered graduate students, regardless of the classes they take, for hours 125 and above.
3. Students in the RN-MSN program who are considered undergraduate students must be enrolled in at least 6 hours, regardless of the mix of undergraduate and graduate classes they take, to be considered at least a half-time student, and 12 hours, regardless of the mix of undergraduate and graduate classes they take, to be considered a full-time student. An undergraduate student taking 5 graduate hours would NOT be considered at least half-time, and thus would not be eligible for financial aid, nor eligible to have student loans deferred.
4. Students in the RN-MSN program who are considered graduate students must be enrolled in at least 5 hours, regardless of the mix of graduate and undergraduate classes they take, to be considered at least a half-time student, and 9 hours, regardless of the mix of graduate and undergraduate classes, to be considered a full-time student.
5. Tuition will be charged at the undergraduate tuition rate for undergraduate hours and at the graduate tuition rate for graduate hours.
6. While a typical student receiving financial aid has 150% of the time requirement to complete a degree (186 hours to complete a 124 hour undergraduate degree) and still receive undergraduate financial aid assistance, the RN-MSN student has 100% of the time requirement to complete a degree and receive undergraduate financial aid assistance. Once a student has completed 124 hours, eligibility for undergraduate financial aid is lost.
7. Once a student is considered a graduate student in the RN-MSN program, eligibility for undergraduate financial aid is completely lost (including Pell Grants, Supplemental Grants, merit-based and need-based institutional scholarships and grants).
8. RN-MSN students who are considered graduates are only eligible for Federal Stafford Loans (up to \$18,500 based on their FAFSA results).
9. RN-MSN students who receive undergraduate financial aid to cover graduate classes, and then drop out of the RN-MSN program will have to repay all of the undergraduate financial aid (including undergraduate loans) they have received for graduate classes.

*See p. 14 for enrollment status clarification.

Time Limits:

The program is arranged to meet the needs of part-time and full-time students. Normal progression through the program for the full-time student requires registration for a minimum of 9 to 12 hours per semester. Normal progression for the part-time student requires registration for a minimum of one course per semester. Time permitted from enrollment in the program to conferring of the MSN degrees may not exceed five years. Application for an extension will be considered on an individual basis.

3. Acquire a balance of nursing, administrative and business skills for service in positions of leadership and management.
4. Contribute to nursing knowledge through active involvement in research.
5. Influence healthcare policy and the future direction of nursing.

Prerequisites for Admission

The accelerated RN to Master of Science in Nursing/Master of Business Administration (MSN/MBA) is designed for Registered Nurse students with the ability to demonstrate competency in healthcare management. Individuals with minimal or no business/management background may be required to demonstrate basic knowledge and/or skills in these areas. The accelerated RN to MSN/MBA program allows the RN to move more quickly through the nursing requirements toward a professional career goal. In this program there is no BS graduation. Instead the student moves through a combination of BS, MSN and MBA course work and is awarded both the MSN and MBA degrees at completion of all BS and MSN/MBA program requirements. Students choosing not to complete the accelerated RN to MSN/MBA program may receive the BS degree in nursing only by completing the regular BS program requirements (see Undergraduate Catalog).

Total Hours Required in Majors	71-77
(Excluding general education and cognates)	(72-78 thesis)

*Required for students who have not taken undergraduate equivalents.

POST-MASTER'S CERTIFICATE PROGRAMS**Prerequisites for Admission**

1. Completed graduate application.
2. A master's degree with a major in nursing from a recognized college or university with an accredited program.
3. Current license as a registered nurse in Tennessee or current multistate license with privilege to practice in the state of Tennessee. A Georgia license is recommended for nurse practitioner students.
4. A graduate GPA of 3.00 or better.

5. Applicants with less than a 3.00 grade point average may be admitted provisionally, but may progress through the program with a maximum of one C grade.
6. Personal interview and two professional references.
7. One year of nursing experience or recommendations from nursing faculty.
8. International students must have a TOEFL score of at least 600 (paper-based), 250 (computer-based), or 100 (internet-based) with testing within the past year.

Admission to the Program:

Full or part-time students may be admitted to the program during the fall or winter semesters.

Application Process:

1. Submit completed SAU nursing graduate application and all required documents for University admission to the Graduate Studies Office prior to July 1 for fall admission, and by December 1 for winter admission. Priority is given to early applicants and applicants with current nursing work experience. Enrollment in the nurse practitioner emphasis is limited.
2. Arrange for a personal interview with a School of Nursing graduate faculty prior to the application deadline.
3. Provide proof of current Tennessee or multistate RN licensure, current immunization, and Health Care Provider CPR certification to School of Nursing MSN Enrollment Counselor.
4. A criminal background check is required of all students. Background checks are facilitated by the School of Nursing MSN Enrollment Counselor and the Office of Human Resources and are charged to the student account on enrollment.

Time Limits:

The program is arranged to meet the needs of part-time and full-time students. Normal progression through the program for the full-time student requires registration for 9 to 12 hours per semester. Normal progression for the part-time student requires registration for a minimum of one course per semester. Time permitted from enrollment in the program to conferring of the post-masters certificate may not exceed five year. Application for an extension will be considered on an individual basis.

Progression:

Progression in the program may be inhibited by a variety of circumstances. Adverse criminal background information is subject to faculty review and may affect progression.

Student academic standing is monitored regularly for incomplete, in-progress, or unsatisfactory or low course grades and GPA. Students noted to have difficulties in any of these areas are subject to advisement and consideration regarding program progression. A student must withdraw from pre-registered courses if transcript record shows two or more incomplete or in-progress grades from the previous semester.

Residence:

The last 20 semester hours must be taken through the Southern Adventist University School of Nursing. A maximum of 25% of MSN program requirements is allowed as transfer credit. Transfer courses must be taken at an accredited institution, carry grades of B or better, and be approved by the School of Nursing.

Post-Master's Certificate Graduation Requirements

1. Completed application to graduate to be filed with the Records and Advisement office a minimum of two months prior to expected graduation date.
2. Completion of the program with a minimum GPA of 3.00 and no more than two courses with C (one C grade for students admitted provisionally).

Courses for the Post-Master's Certificate

One of the following emphases is to be selected:

Emphasis in ADULT NURSE PRACTITIONER***Objectives:**

The Adult Nurse Practitioner program will prepare graduate nurses who:

1. Provide advanced nursing care for adults, families, and communities.
2. Integrate theoretical knowledge as a guide for advanced practice.
3. Promote wholistic Christ-centered care for adults, families, and communities.
4. Contribute to nursing knowledge through active involvement in research.
5. Influence healthcare policy and the future direction of nursing.

Master of Science in Nursing Core Courses

NRSRG 515. Theoretical Concepts of Nursing **2 hours**

Prerequisite: Admission to the program or permission of dean or program coordinator.

A survey of the theories and concepts of nursing science as applied to the increase in substantive nursing knowledge. A holistic Christian perspective is taken on major issues involved in the development of nursing knowledge. Critique of theory is applied to the Neuman Systems Model and other selected models and theories.

NRSRG 520. Health Promotion Across the Lifespan **3 hours**

Prerequisite: Admission to the program or permission of dean or program coordinator.

A course emphasizing use of developmental psychological, sociocultural, physiological, and spiritual approaches to attain and maintain optimal health in the face of stressors inherent in a sinful world. Biblical principles and SDA-specific approaches to healthy lifestyle are examined. Change theory, nursing theories, learning theories, and health promotion principles and frameworks are used to design and evaluate interventions that enhance client's flexible line of defense.

NRSRG 527. Nursing Research: Foundations of Evidence-based Practice **4 hours**

Prerequisites: NRSRG 316 or equivalent basic statistics and NRSRG 515.

Focuses on the steps of ethical quantitative research and on understanding and utilizing research studies as the basis for advanced practice. Application and interpretation of descriptive and inferential statistics are included. Emphasizes integration of research (evidence) into care of individuals, families, and communities with potential or actual stressors and threats to wellbeing.

NRSRG 531. Research Seminar **1 hour**

Prerequisite: NRSRG 527.

Research concepts are made practical by the development or refinement of a research project or thesis proposal. Students are guided through the process of IRB proposal and obtaining permission for specific research and project activities. Faculty mentoring facilitates readiness for NRSRG 596 or 598.

NRSRG 541. Health Care Policy **2 hours**

Prerequisite: Admission to the program or permission of dean or program coordinator.

Examines health care policy issues affecting nursing education, administration, advanced clinical practice, clients, and client systems. Includes an overview of health care policy in the public and private sectors and provides the student with essential skills to understand and influence current health care policy formation as it relates to areas of interest for nurses such as clinical practice, health promotion and disease prevention and intervention at the primary, secondary, and tertiary levels. Lab fee 8 will be assessed for this course.

NRSRG 596. Nursing Project **3 hours**

Prerequisite: NRSRG 531.

The student addresses a practice problem, issue, or need within his or her area of emphasis by writing a proposal and carrying out activities directed to solving the problem, resolving the issue, or meeting the need. The project may involve research, producing a product, or instituting change in a practice setting, or any combination of these three. The student is supervised by a faculty mentor. The project should lead to a scholarly paper, a presentation, an implementation, a product usable by others, or a publishable manuscript. (Pass/Fail)

NRSRG 598. Thesis **4 hours**

Prerequisites: NRSRG 531.

Student designed research under the supervision of a faculty committee culminating in a master thesis.

Adult Nurse Practitioner Courses

- NRSG 550. Advanced Pathophysiology** **3 hours**
A study of alterations in physiologic systems frequently encountered in primary care, with in-depth analysis of risk factors, pathophysiologic changes, and associated clusters of signs/symptoms. Pathophysiologic theories and research are presented as a basis for advanced practice.
- NRSG 552. Advanced Pharmacology** **3 hours**
Pre- or co-requisite: NRSG 550.
Focuses on the appropriate clinical use of medications in the maintenance and strengthening of the client system's lines of resistance and defense. Emphasis is placed on therapeutic prescription/use of medications in common recurrent health problems.
- NRSG 554. Advanced Physical Assessment** **3 hours**
Prerequisite: Enrollment in core courses or permission of dean or program coordinator.
In-depth focus on history taking and assessment of the five variables of the client system. Builds on basic assessment skills through didactic and clinical applications. Includes advanced preparation in obtaining and interpreting ECGs and analyzing radiologic films. Includes a minimum of 60 hours clinical practice. Lab fee 9 will be assessed for this course.
- NRSG 556. Family and Community Systems** **3 hours**
Prerequisite: NRSG 340.
Perspectives of family composition, culture, values, ethics, development, growth, and behaviors that influence the well-being of the client in the framework of the community. Methods in assessment of family structure, dynamics, performance, epidemiology, and strengths/weaknesses furnish the basis for developing approaches for primary, secondary and tertiary interventions and improvement of family functions.
- NRSG 561. Primary Care of Adults** **3 hours**
Prerequisites: NRSG 550, 554; *Pre- or co-requisite:* NRSG 552.
Comprehensive primary care course emphasizing primary, secondary, and tertiary care of well and ill individuals across the adult lifespan. Concepts of health promotion, pathophysiology, epidemiology, pharmacology, and physical assessment are integrated throughout as common and chronic health problems are studied. Diagnostic tests are reviewed. Differential and actual diagnoses are discussed based on client presentation. Management plans are formulated based on standards of practice and best evidence.
- NRSG 562. Practicum: Primary Care of Adults I** **4 hours**
Pre- or co-requisite: NRSG 561.
Clinical practicum in the differential diagnosis and management of common and chronic adult health problems. Includes intensives for clinical procedures and wound management. Precepted by nurse practitioners and other healthcare providers. Includes a minimum of 240 hours of clinical practice. Lab fee 9 will be assessed for this course.
- NRSG 563. Primary Care Role Development** **3 hours**
Prerequisite: NRSG 561.
A capstone course focusing on professional and complex clinical issues, advanced practice roles, relationships, legal and ethical frameworks for advanced practice, professional practice management, and preparation for advanced practice nurse practitioner certification.
- NRSG 566. Practicum: Primary Care of Adults II** **4 hours**
Prerequisite: NRSG 562; *Co-requisite:* NRSG 563.
A continuation of clinical practicum with emphasis on the differential diagnosis and management of the more intensive common, acute, and chronic adult health problems. Precepted by nurse practitioners and other healthcare providers. Includes a minimum of 240 hours of clinical practice. Lab fee 9 will be assessed for this course.

Family Nurse Practitioner Courses

NRS 570. Primary Care of Children 3 hours

Pre- or co-requisites: NRS 550, 552, 554.

Theoretical concepts in primary, secondary, and tertiary prevention in infants, children, and adolescents including the assessment, health promotion, diagnosis, and therapeutic management of common acute and chronic health problems. Emphasis is placed on developmental needs and the pathophysiologic stressors as well as the impact of the family on the health of the child.

NRS 571. Practicum: Primary Care of Families I 5 hours

Pre- or co-requisite: NRS 561, 570.

Clinical practicum that promotes application of theoretical concepts and development of skills in primary, secondary, and tertiary prevention and healthcare across the lifespan. Diagnosis and therapeutic management of common acute and chronic health problems is precepted by nurse practitioners and other healthcare providers in a variety of adult, family, pediatric, outpatient, acute, and long-term care settings. Includes intensive for clinical procedures and wound management. A minimum of 300 hours clinical practice is required. Lab fee 9 will be assessed for this course.

NRS 573. Practicum: Primary Care of Families II 5 hours

Prerequisite: NRS 571; *Pre- or co-requisite:* NRS 563.

Clinical practicum that promotes competence for entry into advanced practice in health promotion/disease prevention; management of patient illness; nurse-patient relationships; teaching-coaching function; professional roles; managing and negotiating healthcare delivery; quality assurance; and meeting cultural and spiritual needs of families across the lifespan. Includes a minimum of 300 hours clinical practice. Lab fee 9 will be assessed for this course.

Nurse Educator Courses

NRS 576. Assessment for Advanced Practice 2 hours

Prerequisite: Enrollment in core courses or permission of dean or program coordinator.

Advanced studies in history taking and assessment of the five variables of the client system. Builds on basic assessment skills through didactic and clinical applications *Not open to students in nurse practitioner emphasis.*

NRS 581. Nursing Curriculum Design 3 hours

Prerequisite: Enrollment in core courses or permission of dean or program coordinator.

A study of educational philosophy, curriculum development, and design in nursing education. Theories and models for curriculum design and evaluation are examined. Curricular strategies that address the various domains of learning are analyzed. Accreditation implications for curriculum development are reviewed.

NRS 583. Classroom Instruction and Evaluation 3 hours

Pre- or co-requisite: NRS 581.

Models, concepts, strategies, and technical innovations for classroom instruction and evaluation are examined. Test design, construction, blue printing, and analysis are included. Elements of this course are met through attendance at an off-site "boot camp" for new nurse educators. Lab fee 13 will be assessed for this course.

NRS 585. Educator Role Practicum: Area of Clinical Emphasis 3 hours

Pre- or co-requisite: NRS 581, 583.

Opportunities for application of educational strategies in classroom and clinical settings that apply to the student area of clinical emphasis. Includes exposure to other educator roles in a variety of settings. (135 clock hours)

NRSG 591. Practicum: Area of Clinical Emphasis **2 hours**
An individualized clinical practicum in the specific area of clinical emphasis chosen by the student designed to foster growth in clinical expertise and enrich the nurse educator role. Ninety clock hours of practice.

Master of Science in Nursing Courses

NRSG 500. Individual Study and Clinical Practice **1-3 hours**
Prerequisite: Permission of dean or program coordinator.
— Particularly designed to make-up deficiencies in a student's undergraduate program. Hours do not count towards MSN degree. This class is designed to make up deficiencies in a student's undergraduate preparation and is not applicable to the graduate degree program.

NRSG 505. Directed Study and Research **1-3 hours**
Prerequisite: Permission of dean or program coordinator.
Directed study and/or research in nursing designed to meet the needs of the individual student.

NRSG 565. Graduate Studies - Topics in Nursing **1-3 hours**
Prerequisite: Permission of dean or program coordinator.
Selected topics designed to meet the needs or interests of students in specialty areas of nursing not covered in regular courses. This course may be repeated for credit.

NRSG 572. Practicum: Primary Care of Children **2 hours**
Prerequisites: Permission of program coordinator, NRSG 562; *Pre- or co-requisite:* NRSG 570.
Clinical practicum that promotes application of theoretical concepts and development of skills in primary, secondary, and tertiary prevention in infants, children, and adolescents including the diagnosis and therapeutic management of common acute and chronic health problems. Includes a minimum of 120 hours of clinical practice. May be used in combination with adult practicum courses to fulfill practicum requirements for FNP emphasis.

NRSG 578. Advanced Nursing Leadership and Role Development **3 hours**
Prerequisite: Permission of program coordinator.
This course is cross-listed with HADM 536 in the School of Business and Management. A student can receive credit for this course from only one program.
Examines the role of the nurse executive or manager within the managed care system through analyses of selected leadership, management, and nursing theories. The concepts derived from these analyses are applied to the various role functions (leader, strategic planner, organizer, facilitator, evaluator). Leadership principles, continuous quality improvement, human resources management, negotiation skills, marketing, and strategic planning are emphasized. The learner will complete a project focusing on one of the roles of the nurse leader under supervision of the course professor and a preceptor in a mid- to top-level administrative position at a health care facility.

NRSG 595. Independent Study **1-3 hours**
Individual study and research under the supervision of the graduate faculty. Only two independent studies (a total of no more than six hours) are allowed to apply toward a student's degree.

SCHOOL OF RELIGION

Dean: Greg A. King

Faculty: Stephen Bauer, Michael G. Hasel, J. Douglas Jacobs, Greg A. King, Jud Lake, Donn W. Leatherman, Carlos G. Martin, Edwin Reynolds, Philip G. Samaan

Research Faculty: Norman Gulley

Adjunct Faculty: Gordon Bietz, Jack J. Blanco, Ron E.M. Clouzet, Ganoune Diop, Delbert Dunavant, Derek Morris

The mission of the School of Religion is to equip students to carry out the global mission of the Seventh-day Adventist Church more effectively.

The Master of Arts programs in Church Leadership and Management, Evangelism, Homiletics, Religious Education, and Religious Studies are designed to provide quality education in preaching, church leadership, outreach, teaching, religion, and lay ministry. The purpose of these programs is to enhance the ability of students to serve a culturally diverse church and society from a biblical perspective and to deepen each student's personal relationship with Jesus Christ.

Degree Offered

The School of Religion offers a Master of Arts (MA) with the following five emphases:

- ▶ Church Leadership and Management
- ▶ Evangelism
- ▶ Homiletics
- ▶ Religious Education
- ▶ Religious Studies

Courses for the Master of Arts Degree

The curriculum of the Master of Arts consists of a minimum of 36 semester credit hours beyond the baccalaureate degree. Electives must be approved by the School of Religion. A maximum of six (6) semester hours of transfer credit are allowed from other institutions. All degree requirements must be completed within seven years from first enrollment. Most courses will be available as class intensives during the summer. All courses require a research paper or major project. This may be the post-session assignment for the summer intensives.

Admission to Classes

1. Students are considered to be admitted to classes on a non-degree basis until they are granted either regular or provisional acceptance into the MA program.
2. Students can only take up to 12 hours of coursework before completing all prerequisites for admission and being formally accepted into the MA program.

Course Audit:

With the approval of the School of Religion, students may register on an audit basis in courses for which they are qualified. Auditors may be admitted to classes if room is still available after all students who wish to enroll for credit have been accommodated. Class attendance is expected, but examinations, reports, and other assignments will be omitted, except as allowed by the professor. With the approval of the professor and School dean, the student may change a course registration from audit to credit or from credit to audit only during the **first week of instruction during the Fall and Winter semesters**, and only during the **first three days** of the summer

intensives. No credit may be given at any later time for courses audited. Courses taken for audit are one-half of the regular graduate tuition charge.

Guidelines for Intensives

1. Permission of the School of Religion is required to register for intensive courses.
2. Students should expect pre-session assignments for graduate intensives. Typical pre-session assignments include 1000-1500 pages of reading, depending on other pre-session assignments.
3. Pre-session assignments are due the first day of the intensive. Only assignments handed in on time will receive full credit. There will be no credit for pre-session assignments that are handed in following the completion of the intensive.
4. Post-session assignments give the student opportunity to apply information learned during the intensive to the local ministry context for further research on the subject. Due dates for these assignments are listed in the course syllabus.

MASTER OF ARTS

Prerequisites for Admission

In addition to the general application and application fee requirements for graduate study, the candidate will comply with the following requirements:

1. Two recommendations. If the applicant works for the Seventh-day Adventist Church, a recommendation from the applicant's employing organization is required.
2. If applicable, a record of denominational employment indicating the places and dates of service, and the capacity in which the applicant was employed.
3. Completion of the 16 Personality Factor Profile concurrently with the first course taken in residence at Southern Adventist University, or submit results from a 16PF taken within the year preceding registration for the first course.
4. A minimum cumulative undergraduate GPA of 3.00, or a GPA of 2.50-2.99 plus a Graduate Record Exam (GRE) score which, when combined with the GPA x 200, is not less than 1400. A student who scores between 1300 and 1400 will receive only provisional admission into the program.
5. Submission of a formal paper of at least ten pages that meets the following criteria:
 - a. It is research based, demonstrating appropriate use of valid sources.
 - b. It reflects the ability to write lucidly, with careful organization of ideas.
 - c. It demonstrates care and consistency in format, style, and mechanics.
 - d. It meets the standards of at least B quality work on the undergraduate level.
6. Presentation of an official transcript from an accredited bachelor's degree. Other prerequisites may apply to the specific emphases.
7. A non-refundable commitment deposit of \$100 per class, applicable to tuition.
8. Upon request, a minimum TOEFL score of 600 (paper-based)/250 (computer-based)/100 (internet-based), for students for whom English is not the first language.
9. International graduate students with TOEFL scores between 550 and 599 will be required to study English as a Second Language (ESL). If they maintain ESL grades of B or above for two semesters or when their TOEFL scores reach 600, they will be permitted to take a full courseload of graduate classes.

Graduation Requirements

1. File a completed graduate application with the Records and Advisement Office two months before the expected graduation date.
2. Finish all coursework with a minimum grade point average of 3.00, including no more than two classes with a minimum grade of C.
3. Pass a written comprehensive examination taken no earlier than 3 months and no later than 12 months after completion of the last period of the student's last course in the program. Specific examination dates will be posted by the School of Religion.
 - a. The examination is expected to last 4-1/2 hours.
 - b. The candidate for graduation will need to give comprehensive answers to several questions drawn from a larger list of questions available for research and review at the end of his or her coursework.
 - c. A score of 80% or above will constitute a passing grade.
 - d. In case of failure, the examination may be repeated only once. A second failure will disqualify the student for graduation from the MA program.

Professional Studies

REL P 401. Fundamentals of Biblical Preaching 3 hours
This introductory course focuses on the preparation and delivery of expository sermons. The student learns and implements a ten-step method in preparing an expository sermon. This sermon is preached and analyzed in a peer-review setting. Only available to students with no formal preaching training. *Credit will not be given towards a master's degree.*

REL P 500. Directed Study 1-3 hours
Directed study is designed to make up deficiencies in a student's undergraduate degree.

REL P 501. Advanced Preaching Methods 3 hours
Prerequisite: At least one introductory course in biblical preaching.
An exploration of various models of biblical preaching, with an emphasis on inductive method and extemporaneous delivery. Course requirements include preparation, delivery, and evaluation of sermons in a peer-review setting.

REL P 508. Expository Preaching 3 hours
Prerequisite: At least one introductory course in biblical preaching.
An advanced course on the theology and construction of expository sermons. Attention is given to exegetical procedure, homiletical form, relevant illustration, and accurate application. The student learns strategies for developing exegetical outlines of biblical books or chapters and transforming these outlines into fresh, contemporary sermons for today's audience. Course requirements include preparation, delivery, and evaluation of sermons in a peer-review setting.

REL P 513. Effective Church Leadership 3 hours
Church leadership viewed from the perspective of character and effectiveness. Issues covered include visioning, local mission development, mentoring, effective administration, and decision making. Case studies and group interaction are used for learning purposes.

REL P 515. Equipping Laity for Ministry 3 hours
A biblical approach to the effective accomplishment of church ministry, with an emphasis on the discovery, development, and discipleship of lay ministry. The role of the pastor as facilitator of ministry in this paradigm is carefully examined.

REL P 517. Pastoral Counseling 3 hours
Counseling theory and practice in church related settings. Mental health programs and follow-up are studied.

REL P 519. Church and Community Health Education 3 hours
Based on principles outlined in the Bible and the Spirit of Prophecy, this course deals with specific methods and programs designed to reach both church and community in areas of felt needs not ordinarily emphasized in the traditional evangelistic approach.

RELP 521. Time and Life Management **3 hours**

This course is a comprehensive study of time and life management. It explores the fundamentals of time and its management within a theological and pastoral context. Special consideration is given to articulating personal values, achieving goals, evaluating and implementing a time-management system, overcoming personal time-management weaknesses, and applying strategies of efficiency and effectiveness to everyday life.

RELP 524. Evangelistic Preaching **3 hours**

Prerequisite: At least one introductory course in biblical preaching.

This course concentrates on the development and delivery of Christ-centered, distinctively Adventist messages, with emphasis on soul-winning decisions and the use of multi-media. Instruction includes sermon preparation for an evangelistic series.

RELP 525. Youth Ministry in the Local Church **3 hours**

This course emphasizes the understanding of the various youth groups in the local church and how each age level grows spiritually. The purpose of the course is to demonstrate how to develop effective youth leaders and to enable them to minister to, retain, and engage youth in the mission of the church.

RELP 532. Principles and Strategies for Church Growth **3 hours**

This course focuses on the application of biblical principles of church growth to the North American church, as well as practical evangelistic strategies for the local Adventist congregation. These include year-long planning for community outreach, church planting, evangelistic preparation, and membership training.

RELP 534. Personal Soul-Winning Skills **3 hours**

A study of the importance, principles, and methods of personal evangelism. The course focuses on the development of skills to help individuals make favorable decisions for Jesus Christ through one-on-one small group evangelism. Practical experience is gained in laboratory exercises and in the field.

RELP 537. Church Planting Strategies **3 hours**

The course focuses on planting churches in a Seventh-day Adventist context. Biblical and historical models, various methods of church planting, and the current state of Adventist church planting is surveyed. Students learn how to develop a strategy for starting and multiplying congregations, how to integrate discipleship with church planning, and how to protect the personal life of the church pastor.

RELP 542. Urban Ministry and Evangelism **3 hours**

A study of the city as the locus of mission and ministry. The course considers the forces which create cities, their development, and their ethos, with emphasis on the process of secularization and the church's holistic approach to the urban setting. Special attention is given to evangelism and church planting in the urban context. Students are exposed to various ministries dealing with the hungry, homeless, addicted, and the alienated.

RELP 561. Preaching to the Secular Mind **3 hours**

Prerequisite: At least one introductory course in biblical preaching.

The understanding of post-modern society and how to communicate the character of God and the truths of Scripture through effective sermons. Course requirements include preparation, delivery, and evaluation of sermons in a peer-review setting.

RELP 565. Topics in Professional Studies **3 hours**

This course deals with selected topics of interest in the area of pastoral studies.

RELP 569. Sermon Designs for Biblical Preaching **3 hours**

Prerequisite: At least one introductory course in biblical preaching.

The student explores a variety of sermon designs, such as inductive, narrative plots, and other audience-centered preaching forms. Delivery focus is on youth, secular people, and various ethnic congregations. Course requirements include preparation, delivery, and evaluation of sermons in a peer-review setting.

RELP 591. Preaching Practicum **3 hours**

Prerequisite: At least one introductory course in biblical preaching.

The course is offered in connection with a field school of evangelism, in which students participate in supervised evangelistic preaching. Students must demonstrate adequate preparation in order to be considered for this course. Class requirements include preparation of a theoretical framework to be done, field supervision, and a final report.

RELP 595. Independent Study **1-3 hours**

Individual study and research under the supervision of the graduate faculty.

Directed study designed to make up deficiencies in a student's undergraduate degree.

RELT 520. Spirituality in Ministry **3 hours**

An examination of a biblical model for spiritual leadership and its implications for personal spiritual life and development. The objective of this course is to discover how to experience life and ministry that is "full of God's grace and power."

RELT 525. Theology of Ministry **3 hours**

An in-depth study of the theology of ministry in the context of the church, clergy-laity roles, and the mission of the local congregation.

RELT 531. Hermeneutics and Biblical Interpretation **3 hours**

An investigation into fundamental hermeneutical presuppositions and the formulation of both sound principles of biblical interpretation and proper methods of interpreting the writings of Ellen G. White, for use in preaching and ministry. Particular attention is paid to contemporary methods of interpretation and their impact on the authority and trustworthiness of Scripture.

RELT 538. Prophetic Guidance in the Adventist Church **3 hours**

An in-depth study of the gift of prophecy as seen in the life and ministry of Ellen G. White. Controversial issues in revelation and inspiration are explored. An assignment answering objections is required.

RELT 542. Studies in Biblical Doctrines **3 hours**

An in-depth study of key biblical doctrines, such as salvation, the nature of God and man, the Great Controversy, and the final destiny of God's people. A significant research assignment is required.

RELT 546. Doctrine of Salvation **3 hours**

The central purpose of this class is to study the plan of salvation/righteousness by faith. It focuses on building a biblically based understanding of salvation through the sanctuary and key soteriological books like Romans, Galatians, and John. Some time is also spent in examining and critiquing varying views of salvation from theologians such as Abelard, Calvin, Arminius, and Wesley. The significance of these views for Seventh-day Adventism is also explored.

RELT 552. Theology of Mission and Evangelism **3 hours**

The biblical foundation for evangelism. A theological reflection of its essence, goals, motives, and strategies, with special emphasis on the mission of the SDA Church. The course provides a theological foundation for all courses in the area of evangelism, ministry, and missions.

RELT 563. Contemporary Theological Issues **3 hours**

A study of contemporary theological issues that impact the Seventh-day Adventist Church with a view to assisting inquirers to respond appropriately.

RELT 565. Topics in Theological Studies **3 hours**

This course covers selected topics of interest in the area of theological studies.

RELT 568. World Religions

3 hours

A study of several major representative Christian and non-Christian religions, including a survey of the history and the distinctive characteristics of each. This course also compares and contrasts these religions, considers areas of commonality between these religions and biblical Christianity, and provides insights as to how to share Christianity with practitioners of these religions.

RELT 571. Renewal and Mission of the Church

3 hours

A biblical study of ecclesiology as it relates to the mission of the church. Emphasis is placed on church renewal through worship, small groups, missional focus, and the empowering baptism of the Holy Spirit.

RELT 573. Biblical Eschatology

3 hours

A biblical evaluation of end-time movements, teachings, and events to prepare the church for Christ's soon return.

RELT 581. Biblical Ethics and Contemporary Society

3 hours

An examination of the major ethical teachings of the Bible in light of their cultural and historical setting and in relation to contemporary moral issues. This course deals with how to approach ethical problems in ministry, as well as Christian strategies dealing with basic matters such as confidentiality, church-state relations, racism, sexual vulnerability, and marriage/divorce/remarriage.

RELT 595. Independent Study

1-3 hours

Individual study and research under the supervision of the graduate faculty.
